

# RADIOLOGY/CT TECH

Per Diem

<b>Posting Date:</b>	November 11, 2016	<b>Date Available:</b>	Immediately	<b>Posting Number:</b>	<b>HR036117</b>
<b>Position Summary:</b>					
The primary purpose of the Radiology Technologist is to provide the best diagnostic images possible for the Radiologists, Physicians and ER Providers. This is to be done in the most efficient manner possible, always taking care to ensure the comfort and privacy of the patient.					
<b>Essential Job Duties:</b>					
Positions patient under X-ray equipment, adjusts immobilization devices, uses appropriate shielding devices and practices appropriate radiation protection procedures. Uses an appropriate radiation technique and exposure factor to acquire quality images with the least amount of exposure to the patients. May specialize in acquiring X-rays and CT of specific areas of the body. Administer contrast agents orally or intravenously under the direction of the provider. Files, reports and maintain records of service rendered. Makes minor service adjustments to X-ray equipment. Helps maintain the care, inventory and use of supplies and equipment throughout the Radiology Department and hospital. Participates in annual inventory and other administrative duties. Other duties as assigned.					
<b>Qualifications:</b>	Candidate must be registered by the American Registry of Radiologic Technologist (ARRT) and Certified by the State of Washington. Graduate from an AMA-approved school of Radiologic Technology. Previous radiology experience required. CT experience required and certification preferred. Must have current BLS certification.				
<b>Days/Hours:</b>	Variable days and hours as needed; shifts are typically 10 hours. Includes some weekends.				
<b>FTE:</b>	.25 – Per Diem; Not benefit eligible.				
<b>Department:</b>	Radiology				
<b>Physical Requirements:</b>	Please see Job Description in Human Resources.
